The Builders Risk Reward Program

One of the biggest problems facing builders today is the threat of losses from theft, vandalism or arson. Zurich and US Assure are your partners in the fight against crime.

As a participant in the Builders Risk Plan, the nation's premier insurance program for builders, you can take advantage of the Builders Risk Reward Program. This successful program helps protect construction sites from criminal activities and aids in maintaining low insurance premiums.

The Program offers cash rewards ranging from \$250 – \$25,000* to persons providing information leading to the arrest and conviction of a person or persons committing theft, vandalism or arson at residential or commercial construction sites insured by Zurich and displaying the Builders Risk Reward Program sign or decal.

**Rewards vary depending upon the seriousness of the crime and amount of property damage and are only paid upon conviction of the criminal(s). Rewards are disbursed in accordance with established Builders Risk Reward Program guidelines. Insureds, builders, developers, their employees and/or family members are encouraged to report criminal acts immediately; however, these parties are ineligible for rewards.*

How does the Reward Program work?

Participants in the Builders Risk Plan may request to receive a supply of highly visible, weather-resistant signs and decals to post on construction sites insured by Zurich. These materials have proven extremely effective in deterring crime and notifying potential informants about the Reward Program.

Persons witnessing criminal acts on a construction site displaying the Builders Risk Reward Program signs or decals should report the crime to local law enforcement authorities immediately. Following the conviction of the criminal(s), the person who witnessed and reported the crime should contact:
